TABLE OF CONTENTS

SNAP FRAME INFO BOARD

NEW PRODUCT

Diversify your campaign - The Snap Frame Info Board is a lightweight and highly customizable single or double-sided display solution. With mixable and completely adjustable attachments connected by a simple system, the Info Board can serve many purposes and meet your needs in any number of ways. The strong and lightweight aluminum construction supports literature holders and a large, easily changed display frame for greater visibility.

7 Different Display Options:
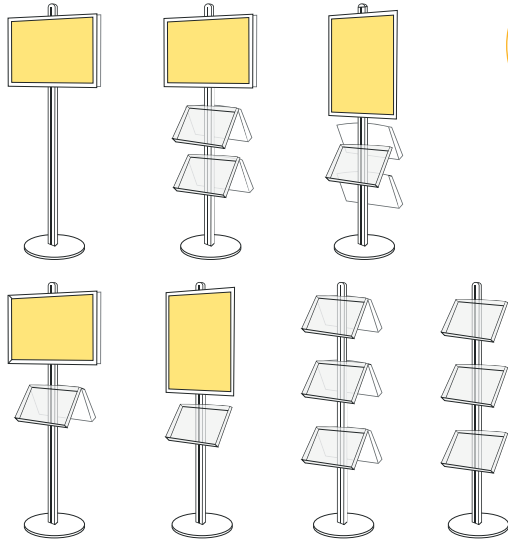

Optional Frame can be positioned either landscape or portrait

Literature Holder is an adjustable attachment

Base is weighted for stability

DISPLAY CUBE

NEW PRODUCT

Build interest - The Display Cube is a trendy advertising tool with flexibility! It is created from high density foam which makes it lightweight for stacking but dense enough to sit or place objects on. Display cubes can be arranged to create an advertising wall or a seating area in a lounge or showroom, at an event, or for a tradeshow. Foam is wrapped in high quality custom printed fabric which can be easily removed and replaced when a new look is desired. Three standard sizes are available to meet your needs.

Form a Display Cube wall!

Print uses Hook-and-Loop Adhesive for the easy changing and washing of prints
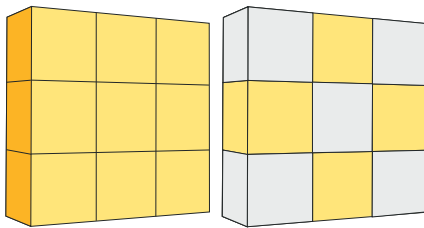

Display Cube L

Display Cube Dimensions/ Specs

Item #	Name	Cube Size (WxHxD)
AC3000	Display Cube S	11.8" x 11.8" x 11.8"

AC3002	Display Cube L	19.1" x 19.1" x 19.1"

FENCE WRAPS

The universal advertising media - Fence wraps are extremely popular at sporting events and shopping centers. They are ideal for any type of business that wants to create interest and get noticed. Use them as a silent way to attract customers every hour of every day. With the use of our stretch mesh fabric, fence wraps are easily mounted and allow wind to pass through giving the print sustainability. Another use for fence wraps is to create privacy areas - these areas now can be functional ways of advertising. With our digital printing technology, we are able to achieve repeat images unseamed of up to a width of 8.2ft and a length of 150ft! Businesses large and small can benefit from using fence wraps in their everyday advertising campaigns.

Print is finished with Grommets to attach to fence

Mesh Fabric is used because of its superior durability, slight stretch, and non-fraying quality

ALUMINUM PROFILES

A quick solution - Our Aluminum Profiles provide an attractive hanging display for temporary or permanent signage. These profiles are great for large image displays in showrooms and at tradeshows. Replace wooden dowels and plastic frames with these sturdy Aluminum Profiles. Changing the print is quick and easy whether your campaign changes daily or once a year.

Can mount on window with Suction Cup and Screw Hook

Can mount on window with Suction Cup and Hanging Set

Aluminum Profile B is available in three sizes, 30mm, 22mm, and 16mm and is available in lengths up to 18.9ft seamlessly

Aluminum Profile A snaps open to easily insert print

Aluminum Profile B

Aluminum Profile A

Aluminum Profile B 16mm uses Self-Adhesive Keder

Aluminum Profile B 22mm and 30mm use Keder installed into pole sleeves

Two types of Suction Cups are available for mounting

STREET BANNERS

Grab attention anywhere - Street banners integrate into daily routines and are hard to miss, making them an excellent choice for advertising or community decoration. We offer custom street banners and lightpole banners that can provide a great opportunity to display images anywhere. The simple system attaches seamlessly, allowing our street banners to have a classy, yet natural appearance. The fastening system is flexible but strong, and is usable on many lightpole sizes or other roadside fixtures where street banners are frequently used. Viewers also appreciate that they look great in any season.

ADVERTISING UMBRELLAS

Your place in the sun - Ideal for both indoor and outdoor retail spaces, custom printed advertising umbrellas are an effective marketing tool. Images can be printed on the valance and/or segments. Complex images over more than one segment can be printed as duo deck or quattro deck. Whether it is a spot color print or a complex image, the best printing results combined with superior durability and color fastness are presented.

CAR FLAGS

Advertising on-the-go - Car flags are a great way for you to gain exposure while on-the-go. Our car flags come complete with a car flag holder and a high quality single-reverse or double-sided custom flag made out of strong polyester fabric. Depending on customer preference or order quantity, the printing will be done with screen or digital processes. This guarantees the brightest colors with the highest light fastness available. Give your message double the exposure by choosing double-sided finishing.

EMPIRE POLE 100

Get noticed - The Empire Pole 100 is a complete, high quality indoor and outdoor flag display solution. The 100A, 100B, and 100D models use one or more banner arms to display your advertising message and keep the flag or flags perfectly presented with or without wind. The 100C model features four banner arms to display both flags parallel to each other. All Empire Pole 100 models stand over 17ft above the ground and have several bases available. The Empire Pole 100 product line is unique to fit any application.

Arm has Rubber Washers to keep Flag from sliding

Flag secures to Pole using Flag Rings

PORTABLE FLAGPOLE

An alternative to traditional - The Portable Flagpole is the ideal way to display a flag indoors or outdoors. Portable Flagpole A uses a banner arm which ensures that flags will always be fully displayed. The flags for Portable Flagpole B and Flagpole C are hemmed closed at the top, slide onto the pole, and secure. All Portable Flagpoles are easy to assemble - simply connect the pole segments, mount the flag, and display.

All Snap Frames have a clear protective cover over print

SNAP FRAME SIDEWALK

Success in a snap - The Snap Frame Sidewalk catches the attention of not only pedestrians but motorists passing by. It can be setup easily outside grocery stores, gas stations, and restaurants. The prints are protected from outside elements with a clear protective cover. The simple changing of advertisements, balanced weight of the frame, and visibility of two different prints all add to the success of the Snap Frame Sidewalk.

An optional Brochure Holder (DS5444) attaches directly to the frame

Features a rain trench for drainage

Hinge allows Snap Frame Sidewalk to fold for easy transport

T-DISPLAY

A distinct ease - The T-Displays are great for budget conscious indoor campaigns. The simple design of this display proves why it is the easiest display stand for anyone to assemble. There are aluminum clamping rails at the top and bottom which allow you to change prints when advertising messages change. This display is the perfect solution for temporary displays and changing atmospheres.

Helpful Hint
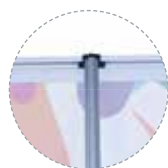

• Add a Univeral Light (DS103) to illuminate your message.

TRIANGLE DISPLAY

A stylish dimension - Increase visibility with the Triangle Display! The Triangle Display allows you to present three of the same or different messages using the innovative 360 degree hardware. The assembly, changing of prints and transportation of the Triangle Display remains quick and easy while still boasting a modern and functional design.

Helpful Hint

• The Center Pole is spring-loaded to allow for easier assembly.

X-STAND

Stand out from the crowd - The X-Stands are ideal for promotional use at large events, tradeshows, and high traffic areas. They can be easily moved from place to place to be used in different settings. Changing the print is extremely easy with the simple step of removing the print from the provided corner hooks. No need to worry about losing any components when using the provided Carrying Case. The X-Stands are a smart solution to trouble-free advertising.

POP OUT

Making advertising simple - Displaying an advertising message has never been so quick and easy. The uniquely designed Pop Outs are highly visible and attract attention in both indoor and outdoor settings. Pop Outs are a quality alternative to traditional signs and will bring a modern look anywhere used. The exposure will also be doubled since the Pop Out has a print on both sides.

Nearly opaque Knitted Polyester

The Pop Out Billboard is a single or double panel from the Pop Out display finished with a strap to be placed around the back of the neck or over the shoulders. It is not only effective but exceptionally lightweight compared to many solutions used in today's marketing campaigns. It allows the user to move about with ease and collapses to a compact storage size.

BRING IDEAS TO LIFE
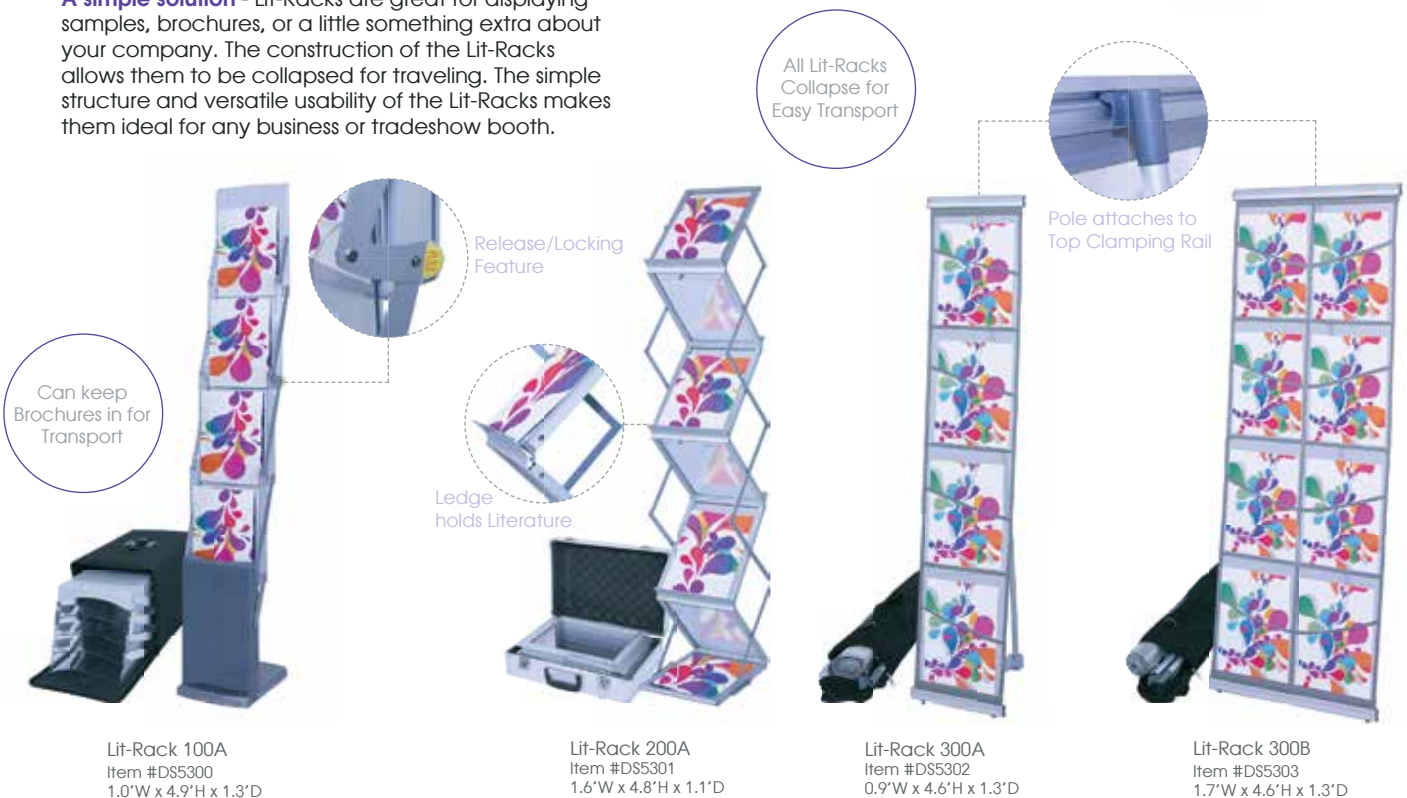

POP UP 100

Attention-grabbing background - The Pop Up 100 is an impressive way to create an attractive backdrop. The design of this fabric display ensures superior durability with little or no effort. When using the Pop Up 100, setup time is minimal and changing advertisements is easy. After use, the print can remain attached and be collapsed for storage in the Travel case with wheels.

The included Lights attach to hardware

Helpful Hint

• The Pop Up 100 Print is attached with Hook-and-Loop Adhesive.

Internal Plastic Clips provide support

Pop Up 100 3x4 with wrap around sides

DS5002	3x4	9.8' x 7.4' x 1.0'	9.8' x 7.4'	11.8' x 7.4'	•

POP UP 200

Gain exposure - The Pop Up 200 provides an alternative to using a fabric display wall. It uses stiff polyfilm panels to create the curved look. Its structure provides stability and the included lights are a great addition to this display solution. The Travel Case makes transporting of the Pop Up 200 trouble-free without the worry of leaving anything behind.

Each Pop Up includes Travel Case with wheels

Magnetic strips guide panel around the sides

ROLL UP 100

Quick and easy - The Roll Up 100 is our most popular banner stand. It's high quality hardware and sleek look makes it an asset to any indoor promotion. This display is retractable, height adjustable, and is available in several widths. The print can be removed in a few steps, making this display versatile for changing environments. The "rolling" feature allows the display to be setup and taken down in a matter of seconds and provides adjustable tensioning. Transporting is safe and secure using the Carrying Case, which holds all components.

= See the Base Accessories section for additional base options; the number shown will correspond

= represents the Wind Sail category and page number for which the corresponding product can be found

= represents the Flagpoles category and page number for which the corresponding product can be found

= represents the Display Systems category and page number for which the corresponding product can be found

B = shown throughout catalog; denotes a product with various base options

GROUND STAKE 100
Item #**BF500**
Steel Stake, incl. bearing
Est. Weight: 3 lbs
④ ⑤ 8 10 11

GROUND STAKE 200
Item #**BF501**
Steel Stake
Est. Weight: 3 lbs
④ ⑤ 8 10 11 22

SOFT SOIL SCREW
Item #**BF606**
Plastic Auger, incl. bearing
Est. Weight: 2 lbs
8 10 11 22

SQUARE BASE A
Item #**BF520** & #**BF521 (thorn)**
Steel flat plate, gray, 7" x 12"
Est. Weight: 6 lbs
① ③ ⑦ 8 10 11 22

SQUARE BASE B
Item #**BF527** & #**BF521 (thorn)**
Steel flat plate, gray, 12" x 12"
Est. Weight: 10 lbs
① ② ③ ⑦ 8 10 11 22

SQUARE BASE C
Item #**BF524** & #**BF521 (thorn)** or
#**BF524** & #**BF525 (straight peg)**
Steel flat plate, gray, 16" x 16"
Est. Weight: 20 lbs
① ② ③ ⑦ 8 10 11 22

SQAURE BASE D
Item #**TP154** & #**BF525 (thorn)** or
#**TP154** & #**BF531 (base connector)**
Steel flat plate, gray, 21" x 21"
Est. Weight: 40 lbs
① ② ③ ⑥ ⑦ 8 10 11

CROSS BASE A
Item #**BF510**
Steel, collapsible, incl. bearing
28" x 28"
Est. Weight: 7 lbs
① ② 8 10 11

CROSS BASE B
Item #**BF512**
Steel; powder-coated, collapsible, incl. bearing, 22" x 22"
Est. Weight: 3.3 lbs
① ② ⑦ 8 10 11

CROSS BASE C
Item #**BF515** & #**BF517 (Spring thorn)**
#**BF515** & #**BF516 (thorn)**
Steel and plastic; powder-coated, incl. bearing, 21" x 21"
Est. Weight: 19.8 lbs
8 10 11
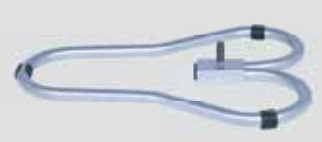

CAR BASE A
Item #**BF530**
Aluminum, needs additional weight
Est. Weight: 11 lbs
① ⑥ 8 10 11

CAR BASE B
Item #**TP172**
Steel, needs additional weight
Est. Weight: 6.5 lbs
① ⑥ 8 10 11

PLASTIC BASE A
Item #**BF602**
Plastic, fill w/ water or sand
Est. Weight: 52 lbs w/ water,
66 lbs w/ sand
8 10 11

PLASTIC BASE B
Item #**BF603**
Plastic, fill w/ water or sand
Est. Weight: 83 lbs w/ water,
121 lbs w/ sand
8 10 11

ANGLED PEG BASE
Item #**BF526**
Steel, incl. universal
screw set
Est. Weight: 1 lb
8 10 11

STRAIGHT PEG BASE
Item #**BF525**
Steel, incl. bearing and screws
to mount on Square Bases
Est. Weight: 1.7 lbs
8 10 11

BASE ACCESSORIES

Base Accessories Key

[#] = See the Bases section; number shown will correspond to the Base with which accessory is used

WEIGHT BAG
Item #**BF601**
Plastic, fill with water or sand
Est. Weight: 26.5 lbs (filled)
Use: Extra weight for bases ①

WEIGHT BAG LARGE
Item #**TP171**
Nylon w/ waterproof coating fill with water or sand
Est. Weight: 101.5 lbs (filled)
Use: Extra weight for bases ②

CARRYING CASE
Item #**BF528**
Polyester
Use: Case for Square Base A and Square Base B ③

SAND/SNOW EXTENSION
Item #**BF502**
Steel Stake
Est. Weight: 2 lbs
Use: Extend Ground Stake 100 & 200 ④

GROUND STAKE PLATE
Item #**BF503**
Steel
Est. Weight: 1 lb
Use: Stabilize Ground Stakes ⑤

BASE CONNECTOR
Item #**BF531**
Steel
Est. Weight: 3 lbs
Use: Connects Wind Sail and Portable Flagpole to Car Base A & B ⑥

L STAKE
Item #**BF600**
Steel
Est. Weight: < 1lb
Use: Holds bases in ground ⑦
